## PROJECT INFO

1. Project size (single chair, sectional, suite, hot tub cover, auto interior)? \_\_\_\_\_  
 \_\_\_\_\_  
 2. If auto interior, what is year, make and VIN#? \_\_\_\_\_  
 3. What is the lighting in the space (sunlight, incandescent, fluorescent, LED)? \_\_\_\_\_  
 \_\_\_\_\_  
 4. Color change? YES NO  
 If yes, what is the starting color? \_\_\_\_\_  
 If no, compare the sample to an exposed area of the piece that doesn't appear to need restoration. How does the sample compare? If it doesn't match, our formulation won't either. \_\_\_\_\_

## SAMPLES

- Original leather or vinyl (often found underneath cushions, or pull some staples from the frame)
- Cushion case
- Fuse panel or headrest from a vehicle
- Paint chip from a hardware store

The bigger the better, at least 3" x 1" in size, though we have worked with smaller. We also invite you to email pictures of your project to [info@rubnrestore.com](mailto:info@rubnrestore.com).

***If you send an irreplaceable or valuable component such as a headrest or cushion case, please insure the item with the freight carrier in the event it is lost or damaged!***

## OPTIONS & COSTS

- Color Analysis fee is \$20. We test our line of stock colors on your sample and recommend a ratio, so you can mix your own. If stock colors are unsatisfactory, you can upgrade to a Custom Color and pay only the difference in cost.
- Custom Color fee is \$60. We match your sample and keep a unique formula on file.
- All Colors and Clear Prep+Finish™ are sold separately.

To **request a Custom Color**, just mail your sample with this form to the address below. We'll call you to discuss your project and collect credit card information when we receive it.

To **request a Color Analysis**, please send your sample, this form, and \$20 check or money order made payable to:  
 Rub 'n Restore, Inc.  
 PO Box 1149 (US mail only)  
 42812 Hidden Mesa Lane (UPS/FedEx only)  
 Paonia, CO 81428

We'll complete the analysis and advise you within 1-2 business days.

## DISCLAIMER

Many samples that we receive are base-and-print or multi-toned. We mix a single color that your eye reads as a match from a short distance. You can choose work with a single color or two, but replicating the appearance of the original material is up to you.
